Dear Sir,

With reference to your official letter no. 109/DR/2020 dated 06/06/2020 regarding testing of our mid late group rice hybrid namely **Ankur -7576** under three doses of nitrogen fertilizers in your reputed university.

We have submitted **2 kg seed of hybrid Ankur -7576** along with other company market check **Arize -6444 Gold** to **Dr. Vedprakesh**, Head, Dept. of Soil Science & Soil Chemistry on 09/06/2020

The recommended dose of N:P: K will be as 150:75:75 kg/hectare respectively. The trial to be conduct on following three doses of Nitrogen:

1. 50 % Less than RDF (Nitrogen)
2. 75% Less than RDF (Nitrogen)
3. 150 kg Nitrogen /hectare (RDF)

The other fertilizers and agronomic practices to raise healthy crop will be applicable as per university guidelines. You are requested to do your needful. The testing fee of **Rs 240000/-** for nitrogen level trial and university trial will be transferred shortly in name of Comptroller, ANDU&T, Kumargunj, SBI bank branch -Pathia.

adverse recipient's structure and a review of financial and other records for the purpose of conducting audits.

### 3. Intellectual Property Conditions

- x. All research materials used in the collaboration will be transferred using appropriate Material Transfer Agreements (hereinafter "MTA") including MTA (<http://www.fao.org/Verif/0333e.pdf>), in line with CGIAR guidelines. Further, the transfer of biological materials, including breeding materials and germplasm, will be subject to pertinent Stewardship, Biosafety and bioprospecting laws, rules, and regulations. For incoming materials, IRRI may use such materials for non-commercial research and/or education purposes, and in this case, will give full credit to the source of the materials.
- w. All foreground IP, joint R&D results including data gathered in the course of, and as a result of, the implementation of the project such as, but not limited to reports, articles, research papers, data bases, tri-media presentations including joint R&D project outputs, joint R&D discoveries, joint R&D inventions and its digital copies (soft copies), shall be subject to the CGIAR Principles on the Management of Intellectual Assets ("CGIAR IP Principles") see <https://library.cgiar.org/bitstream/handle/10917/4486/CGIAR%20IP%20Principles.pdf?seq=2&force=1>.

Management of such IP shall also be in accordance with IRRI's Intellectual Property and Commercialization (IP&C) Policy.

- iii. It is understood and decided that Intellectual Property developed by each party prior to this collaboration ("Background IP") will remain the Party's sole Intellectual Property. This LOA does not confer any right on the use of IRRI's Background IP.
- iv. IRRI and **NDUAT**, agree that the results of the collaborative research and/or the Foreground IP can be used:
  - a. for non-commercial research and training conducted by IRRI and by 3<sup>rd</sup> party public research institute (hereinafter referred to as "Research Exemption"); or
  - b. for use in the event of a national or regional level security emergency limited to the duration of the emergency (hereinafter referred to as "Emergency Exemption"); or
  - c. for use in teaching activities by academic organizations (hereinafter referred to as "Teaching Exemption").

### 3. Intellectual Property Conditions

- i. All research materials used in the collaboration will be transferred using appropriate Material Transfer Agreements (hereinafter "MTA") including SMTA (<http://www.fao.org/3/a-br083e.pdf>), in line with CGIAR guidelines. Further, the transfer of biological materials, including breeding materials and germplasm, will be subject to pertinent stewardship, biosafety and bioprospecting laws, rules, and regulations. For incoming materials, IRRI may use such materials for non-commercial research and/or education purposes, and in this case, will give full credit to the source of the materials.
- ii. All Foreground IP, joint R&D results including data gathered in the course of, and as a result of, the implementation of the project such as, but not limited to reports, articles, research papers, data bases, tri-media presentations including joint R&D project outputs, joint R&D discoveries, joint R&D inventions and its digital copies (soft copies), shall be subject to the CGIAR Principles on the Management of Intellectual Assets ["CGIAR IA Principles"] see: <https://library.cgiar.org/bitstream/handle/10767/4486/CGIAR%20IA%20Principles.pdf?sequence=1>

Management of such IP shall also be in accordance with IRRI's Intellectual Property and Commercialization (IP&C) Policy.

- iii. It is understood and decided that Intellectual Property developed by each Party prior to this collaboration ("Background IP") will remain the Party's sole Intellectual Property. This LOA does not confer any right on the use of IRRI's Background IP.
- iv. IRRI and NDUAT, agree that the results of the collaborative research and/or the Foreground IP can be used:
  - a. for non-commercial research and training conducted by IRRI and by 1<sup>st</sup> party public research institute (hereinafter referred to as "Research Exemption"); or
  - b. for use in the event of a national or regional food security emergency limited to the duration of the emergency (hereinafter referred to as "Emergency Exemption"); or
  - c. for use in teaching activities by academic organizations (hereinafter referred to as "Teaching Exemption").
- v. It is understood and decided that all Foreground IP, joint R&D results developed through this LOA may not be used for commercial activity by NDUAT or IRRI, unless NDUAT or IRRI gives its prior written approval.

### 4. Confidentiality

- a. A receiving Party (hereinafter "Recipient") shall not disclose Material marked "Confidential" or "Proprietary" to any third party nor use such Confidential information for any purpose other than that given without written permission from the other Party.
- b. The Recipient shall use the same degree of care to protect Confidential information received under this Agreement as it uses to protect its own information of similar nature, but in any event not less than reasonable care under the circumstances.

- 3.3 The partner institution shall not spend more than the amount of this agreement unless seconded by an amendment.

#### IV. General conditions

- 4.1 Results of the collaborative research will be jointly published in the public interest, to maximize impact. In case one of the Parties decides to protect valuable Foreground IP, the Parties will agree on suitable timeframe for publication.
- 4.2 The recipient shall keep all the documents and records related to this grant for the period of four (4) years after termination of the grant. IRRI or its duly authorized representative shall, within the project and aforesaid periods, have access to any of recipient's records related to this agreement to monitor and conduct evaluation of operations which may include: a visit by personnel or designee to observe recipient's structure and a review of financial and other records for the purpose of conducting audits.

#### 4.3 Intellectual Property Conditions

- i. All research materials used in the collaboration will be transferred using appropriate Material Transfer Agreements (hereinafter 'MTA') including SMTA<sup>1</sup> in line with CGIAR guidelines. Further, the transfer of biological materials, including breeding materials and germplasm, will be subject to pertinent stewardship, biosafety and bioprospecting laws, rules, and regulations. For incoming materials, IRRI may use such materials for non-commercial research and/or education purposes, and in this case, will give full credit to the source of the materials.

  
 Vice-chancellor  
 AND Univ of Agric & Tech  
 Kumarganj, Ayodhya (UP)

- ii. All Foreground IP, joint R&D results including data gathered in the course of, and as a result of, the implementation of the project such as, but not limited to reports, articles, research papers, data bases, tri-media presentations including joint R&D project outputs, joint R&D discoveries, joint R&D inventions and its digital copies (soft copies), shall be subject to the CGIAR Principles on the Management of Intellectual Assets ("CGIAR IA Principles").

Management of such IP shall also be in accordance with IRRI's Intellectual Property and Commercialization (IP&C) Policy.

- iii. The ownership of the intellectual property that existed prior to the commencement of this LOA ("Background IP"), held by one Party, shall remain the full property of that Party, and shall not be altered or transferred by virtue of this Agreement. This LOA does not confer any right on the use of the Background IP of either Party.
- iv. IRRI and Narendra Dev University of Agriculture & Technology (NDUAT), agree that the results of the collaborative research and/or the Foreground IP can be used:
- for non-commercial research and training conducted by IRRI and by 3<sup>rd</sup> party public research institute (hereinafter referred to as "Research Exemption"); or
  - for use in the event of a national or regional food security emergency limited to the duration of the emergency (hereinafter referred to as "Emergency Exemption"); or
  - for use in teaching activities by academic organizations (hereinafter referred to as "Teaching Exemption").
- v. Foreground IP generated in collaborative research shall be managed with the aim of reaching and achieving the greatest positive impact for the benefit of the rice farmers and rice food security.
- vi. Each of the parties is free to use all data and information developed under this Agreement for the enhancement of their respective academic and research programs. Whenever applicable, the principal authors, researchers, and project leaders from both Parties shall be identified, recognized, and included in any publications arising from the joint R&D projects.

#### Confidentiality

- A receiving Party (hereinafter "Recipient") shall not disclose Material marked "Confidential" or "Proprietary" to any third party nor use such Confidential Information for any purpose other than that given without written permission from the other Party.
- The Recipient shall use the same degree of care to protect Confidential Information received under this Agreement as it uses to protect its own information of a similar nature, but in any event not less than reasonable care under the circumstances.
- The Confidential Information shall be excluded from confidentiality if the Recipient can demonstrate that (a) it had possession of the information prior to disclosure; or (b) the information generally is available to the public at the time of disclosure, or becomes generally available, after disclosure, through no fault of Recipient; or (c) Recipient receives the information from a third party having the right to the information and who does not impose confidentiality.
