7.3. Index: Additional file- I: Photo

Sl. No.	Particulars	Page no.
1.	Map of degraded and wastelands of Uttar Pradesh	2
2.	Wasteland at beginning of the establishment of the university	3
3.	Salt tolerant varieties of bel and aonla developed on the wasteland	4
4.	Visit of the team of Uttar Pradesh Bhumi Sudhar Nigam at the university campus during 27-29 January, 1995	5
5.	Three days training programme on wasteland development organized by the university (sponsored by Uttar Pradesh Bhumi Sudhar Nigam)	6
6	Wasteland of the university in 2019 before reclamation	7
7	Wasteland of the university in 2019 before reclamation	8
8	Wasteland (8 ha) at KVK Amethi (a unit of the university) reclaimed and leveled by laser land leveler	9
9	Wasteland developed by leveling and bunding	10
10	Hon'ble minister, agriculture, agriculture education and research, Sri Surya Pratap Shahi laid the foundation stone on 20 June, 2020 for development of Nsp Vi	11
11	Orchards of Aonla and bael grown on reclaimed land	12
12	Orchards of ber and jackfruit grown on reclaimed land	13
13	Rice crop grown on wasteland managed land in the university campus	14
14	Submerged rice variety "Jalmagna" grown on wasteland managed farm	15
15	Signage indicating NSP- Vi and farm of natural farming	16
16	Natural and organic farming (on agronomy farm) developed on wasteland	17
17	High yielding salt tolerant wheat varieties (nw-1076, NW 1067 and nw-5054) developed by the university	18
18	Barely varieties (Narendra barley-1, Narendra barley -2, Narendra barley-5, NDB-1465) suitable for salinity conditions developed by the university	19
19	Bajara varieties (NDFB-2) suitable for salt affected areas developed by the university	20
20	Oat forage varieties (Narendra jayee-1 and Narendra jayee-2) suitable for salt affected areas developed by the university	21
21	Models of integrated farming (rice-cum-fish) developed on wasteland at instructional fish farm	22
22	Model of integrated farming (rice-cum-fish-cum-vegetable) developed on wasteland at instructional fish farm	23
23	Fish ponds developed on wasteland	24
24	Fish ponds developed on the wasteland	25
25	Technology park developed on wasteland, near gate no.1 of the university	26
